Attention: All Domestic/Regional members

WE'RE SERIOUS ABOUT SAFETY CABIN CREW RATIO

The Association thanks all members who have submitted their response to CASA. If you haven't yet done so, there is still time. The closing date is Tuesday 6 April 2010.

We suggest you use the FAAA letter or the CASA NPRM Response Form. Both are available as a download on our website www.faaadomestic.org.au

Also to clarify, the FAAA letter is **not** the FAAA submission – it is an alternative for cabin crew to use instead of the CASA NPRM Response Form. The letters will support the extensive FAAA submission.

The Association has also welcomed the action of other Aviation Unions submitting responses supporting the FAAA's position that there be no change to the current cabin crew ratio.

Let CASA know **We're Serious about Safety** and respond today.

We would like to take this opportunity to wish you and your families a safe Easter period.
